

THE STATE LIFE INSURANCE COMPANY®
CARE SOLUTIONS

Asset Care®

Single Premium Whole Life

ONEAMERICA®

OneAmerica® is the marketing name for the companies of OneAmerica

Commitments

Life is made of commitments, many of which are financial. Like the promise to protect and provide for our family. Adhering to these promises helps show how much we care.

But using retirement assets to pay for unexpected care needs may impact your overall financial strategy. Every dollar spent on care is one less dollar used to generate or supplement your income.

Our commitment to you

Asset Care® may help you keep your commitment to your financial strategy. As part of the OneAmerica® Care Solutions product suite, it uses the security and guarantees provided by whole life insurance to help protect your retirement income stream if the need for care arises. Your one-time premium provides a guaranteed amount of life insurance which may be accessed, tax-free, to help pay for qualifying long-term care (LTC) services.

By selecting the single-premium funding option, you don't have to worry about paying ongoing premiums to keep your policy funded. Also, there's no unexpected premium increases sometimes seen with traditional long-term care insurance.

Asset Care offers guarantees that traditional LTC insurance simply cannot.

Guarantees like...

- Premiums never increase
- LTC benefits never decrease
- Cash value growth
- Death benefits are available if not used for LTC

How does Asset Care work?

Single premium Asset Care is whole life insurance that allows access to 100 percent of the life policy death benefit to help pay for qualifying LTC expenses. When a need for care arises, you have the option to accelerate your death benefit to help you pay for the care you need. You even have the option to continue benefits if your death benefit is exhausted.

You may use an existing CD, money market account or cash as a single premium to fund your protection. You may be confident knowing that the financial commitments you've made won't be affected by a possible need for care.

Product highlights

- Provides a guaranteed amount of LTC benefits
- Pass death benefit income tax-free to beneficiaries if not used for LTC
- The Continuation of Benefits rider has options which allow you to extend your LTC protection for just a few years up to your entire lifetime (see page 8 for details)
- The joint protection option allows you to cover two lives under one policy
- Benefits for LTC are available to be paid as soon as 0 days after home health care begins or 90 days for all other care

How Asset Care could work for you

Jack, 62 and Mary, 60; Married couple, non-smokers, in good health

With a single premium of \$200,000, Jack and Mary are guaranteed \$244,579 as a death benefit from their life insurance policy, 100 percent of which may also be used for qualifying long-term care expenses.

Each person could receive up to \$7,337 per month for life to help pay for qualifying LTC expenses. This monthly benefit is available to both insureds on the policy, even if care is needed at the same time. If neither utilize their LTC benefits, the entire death benefit would be payable to the beneficiary listed on their policy. While Jack and Mary chose the lifetime continuation in this example, other options are available.

Note: Benefit periods listed are shared if there are two insureds.

1. Continuation of Benefits begins once the benefits of the base policy are exhausted.

All individuals used in scenarios are fictitious and all numeric examples are hypothetical and were used for explanatory purposes only.

Your steps to get the care to meet your needs

Asset Care is medically underwritten so you must be in average or better health to qualify. Most applicants may qualify by participating in a brief telephone interview to determine eligibility and next steps. Ask your trusted financial professional for a personalized quote and Outline of Coverage to see how Asset Care might work for your specific situation.

Benefit triggers

Benefit payments are triggered in one of two ways:

You cannot perform at least two of six Activities of Daily Living (ADLs), which include bathing, maintaining continence, dressing yourself, eating/feeding yourself, toileting (including getting on and off a toilet) and transferring (like from a bed to a chair).

You require care as a result of a severe cognitive impairment (such as Alzheimer's disease).

Payout options

After you've satisfied the elimination period (0 days for home health care, 90 days for all other care), your policy may begin paying for qualifying long-term care expenses for the minimum benefit duration chosen at the time of purchase.

- 50 months
- 33 months
- 25 months²

Your death benefit may be accelerated to help pay for other benefits like:

- **Bed reservations** can "hold your spot" in a nursing, assisted living or hospice facility if you require more specialized care in a hospital for a period of time.
- **Caregiver training** helps pay for training of an unpaid informal caregiver to care for an insured at an insured's home.

2. 25 months not available on joint policies.

- **Supportive equipment**, includes installation fees, labor and related costs for the purchase or rental of equipment like pumps and other devices for intravenous injection, grab bars, home ramps and stair lifts.
- **Respite care** involves short term or temporary care to relieve a primary caregiver if they need to travel or simply need a break.

Asset Care provides more than LTC protection

A lifetime benefit option at premiums guaranteed to never increase.

The ability to take policy loans.

Your assigned Care Solutions Claims Concierge³ will help you review your policy and support you throughout the claims process.

3. OneAmerica Claims Concierge service is a company practice and may be subject to change.

Looking to the future

Americans are living longer than ever with average life expectancy nearing 80 years in 2016.⁴ Asset Care provides options to help extend and maximize your protection for as long as you need it.

Long-Term Care Continuation of Benefits Rider (COB)

Long-term care needs are unpredictable, so we offer a Long-Term Care Continuation of Benefits Rider to ensure you and your family remain covered after your base policy duration is met. The COB rider is available for an additional premium.

Some diagnoses may require many years of care. OneAmerica Care Solutions is the only product to offer protection for the extent of a lifelong condition like Alzheimer's or dementia, instead of for just a few years.

Inflation Protection Riders (IPR)

This option may help protect against the rising costs of long term care expenses due to inflation. The IPR guarantees that as costs increase, so does your monthly benefit amount. There is a separate IPR option for both the Acceleration of Benefits (AOB) balance and the Continuation of Benefits (COB) rider.

The COB can be paid for with either a single premium, or continuous premiums for your lifetime. The IPR pay period must match that of the COB rider. Premiums are guaranteed to never increase, even on a joint policy if the first insured dies.

Let us prove our commitment to helping you craft a sound financial strategy. Experience for yourself what it means to be our customer.

LTC protection, but only 15%
currently own LTC insurance⁵

5. LIMRA Insurance Barometer, 2018 data

Asset Care Single Premium Whole Life

Policy structure	Single-premium whole life insurance with accelerated death benefits for qualifying LTC expenses
Issue ages	Single and joint: 35–80 Maximum 25 years age difference between unrated joint insureds.
Minimum face amount	\$50,000
LTC payout	On a monthly basis, the death benefit may be accelerated for qualifying LTC expenses. (All are reimbursement contracts. Qualification is based on receiving care because of either: (1) being unable to perform two of six ADLs for a period that is expected to last at least 90 days or (2) being severely cognitively impaired.)
LTC maximum monthly payout options	50 months, 33 months, 25 months ⁶
LTC elimination period	Benefits for LTC are available to be paid as soon as 0 days after home health care begins. All other facility care requires 90 days of care within 270 calendar days before benefits will be paid.
LTC benefits	<ul style="list-style-type: none"> • Care in a LTC facility (all levels) • Care in an assisted living facility • Home health care, including homemaker services • Hospice care • Adult day care • International facility • Respite care • Bed reservation • Care coordination • Caregiver training • Supportive equipment <p>(Benefit details can be found in the Outline of Coverage, including information on policy exclusions and limitations. Producers must provide the Outline of Coverage to applicants.)</p>

⁶ 25 months not available on joint policies.

Asset Care Single Premium Whole Life, continued

Guarantees	<ul style="list-style-type: none">• No additional premium will be required• Cash value growth• Death benefit
Inflation Protection Riders	This optional rider may help to protect against the rising cost of qualifying long-term care expenses by guaranteeing an increase in the base policy long-term care benefit balance and monthly maximum benefit. Options include 3% or 5% compound interest, for 20 years or a lifetime. If selected for both the base coverage and COB rider, the interest rates and duration must match. Premiums are guaranteed never to increase.
Continuation of Benefits Rider	This optional rider may extend LTC benefits if the Acceleration of Benefits balance (AOB balance) has been reduced to zero for qualifying LTC expenses. Premiums for the rider are guaranteed and may be paid annually or with a one-time (single) premium. Inflation protection is available for an additional premium.
